FINANCIAL STATEMENTS
(REVIEWED)**

30 JUNE 2018

REPORT ON THE REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS TO THE BOARD OF DIRECTORS OF SEEF PROPERTIES B.S.C.

Introduction

We have reviewed the accompanying interim condensed consolidated financial statements of Seef Properties B.S.C. ('the Company') and its subsidiaries (together 'the Group') as at 30 June 2018, comprising the interim consolidated statement of financial position as at 30 June 2018 and the related interim consolidated statements of comprehensive income, cash flows and changes in equity for the six-month period then ended and explanatory notes. The Board of Directors is responsible for the preparation and presentation of these interim condensed consolidated financial statements in accordance with International Accounting Standard 34 "Interim Financial Reporting" (IAS 34). Our responsibility is to express a conclusion on these interim condensed consolidated financial statements based on our review.

Scope of Review

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing. Consequently, it does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial statements are not prepared, in all material respects, in accordance with IAS 34.

2 SIGNIFICANT ACCOUNTING POLICIES

Basis of preparation

The interim condensed consolidated financial statements of the Group for the six months ended 30 June 2018 have been prepared in accordance with International Accounting Standard 34 *Interim Financial Reporting*.

The interim condensed consolidated financial statements do not contain all information and disclosures required for full consolidated financial statements prepared in accordance with International Financial Reporting Standards, and should be read in conjunction with the Group's annual consolidated financial statements for the year ended 31 December 2017. In addition, results for the six-month period ended 30 June 2018 are not necessarily indicative of the results that may be expected for the financial year ending 31 December 2018.

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

As at 30 June 2018 (Reviewed)

2 SIGNIFICANT ACCOUNTING POLICIES (continued)

The accounting policies adopted in the preparation of the interim condensed consolidated financial statements are consistent with those followed in the preparation of the Group's annual consolidated financial statements for the year ended 31 December 2017, except for the new standards and interpretations and amendments to standards and interpretations effective as of 1 January 2018. The Group has not early adopted any other standard, interpretation or amendment that has been issued but is not yet effective.

The Group applies, for the first time, *IFRS 9 Financial Instruments* and *IFRS 15 Revenue from Contracts with Customers* that require restatement of previous financial statements. As required by IAS 34, the nature and effect of these changes are disclosed below. Several other amendments and interpretations apply for the first time in 2018, but do not have an impact on the interim condensed consolidated financial statements of the Group.

IFRS 9 Financial Instruments

i) Classification and measurement of financial assets

Under IFRS 9 the classification and measurement of financial assets is based on a combination of the Group's business model and its contractual cash flow characteristics. The adoption of IFRS 9 did not materially change the classification and measurement of its financial assets or liabilities.

ii) Impairment of financial assets

IFRS 9 replaces the 'incurred loss' model with an 'expected credit loss' model ("ECL"). The allowance is based on the ECLs associated with the probability of default over the life of the asset. Under IFRS 9, credit losses are recognised earlier than under the previous standard. The Group has applied the simplified approach for determining ECL as allowed by IFRS 9.

iii) Transition

Changes in accounting policies resulting from the adoption of IFRS 9 have been applied retrospectively, except that the comparative information has not been restated. The difference in the carrying amounts of financial assets resulting from the adoption of IFRS 9 are recognised in retained earnings as at 1 January 2018. Accordingly, the information presented for 2017 does not reflect the requirements of IFRS 9 and therefore is not comparable to the information presented for 2018 under IFRS 9.

iv) Reconciliation of carrying amounts as at 31 December 2017 and 1 January 2018

The following table reconciles the carrying amounts as of 31 December 2017 to the carrying amounts determined by applying IFRS 9 on 1 January 2018:

	<i>Carrying value as at 31 December 2017 BD</i>	<i>Allowance for impairment based on ECL BD</i>	<i>Carrying value as at 1 January 2018 BD</i>
Trade and other receivables	1,715,321	(199,967)	1,515,354
Cash and bank balances	17,884,025	-	17,884,025
	<u>19,599,346</u>	<u>(199,967)</u>	<u>19,399,379</u>

v) Impact on retained earnings and other reserves

	<i>Retained earnings BD</i>
As at 1 January 2018 as previously reported	77,985,655
Recognition of expected credit losses under IFRS 9	(199,967)

2 SIGNIFICANT ACCOUNTING POLICIES (continued)**IFRS 9 Financial Instruments (continued)**vi) *Reconciliation of provision recorded as at 31 December 2017 and 1 January 2018*

The following table reconciles the previously recorded provision as at 31 December 2017 to the revised provision as of 1 January 2018 on transition to IFRS 9:

	<i>As at 31 December 2017 BD</i>	<i>Transition adjustment BD</i>	<i>As at 1 January 2018 BD</i>

IFRS 15 Revenue from Contracts with Customers

IFRS 15 supersedes IAS 11 Construction Contracts, IAS 18 Revenue and related interpretations and it applies to all revenue arising from contracts with customers, unless those contracts are in the scope of other standards. The new standard establishes a five-step model to account for revenue arising from contracts with customers. Under IFRS 15, revenue is recognised at an amount that reflects the consideration to which an entity expects to be entitled in exchange for transferring goods or services to a customer.

The standard requires entities to exercise judgement, taking into consideration all of the relevant facts and circumstances when applying each step of the model to contracts with their customers. The standard also specifies the accounting for the incremental costs of obtaining a contract and the costs directly related to fulfilling a contract. The Group adopted IFRS 15 using the modified retrospective method of adoption. The adoption of IFRS 15 did not warrant any transitional adjustment as of 1 January 2018.

The specific accounting policies for various revenue items are disclosed below:

i) Property rental income and service charges

The Group's rental income from operating leases, less the Group's initial direct costs of entering into the leases, is recognised on a straight-line basis over the term of the lease, except for contingent rental income which is recognised when it arises. Income arising from expenses recharged to tenants is recognised in the period in which the expense can be contractually recovered. Service charges and other such receipts are included gross of the related costs in revenue, as it is considered that the Group acts as principal in this respect.

Rental income is covered by IAS 17 and adoption of IFRS 15 does not have an impact on the recognition and measurement of Group's property rental income and related service charges.

ii) Income from serviced apartments

Room revenue from operating serviced apartments represents total amounts charged to customers and guests during the period including service charges net of the portion applicable to employees as and where applicable, plus unbilled guests ledger at the end of the reporting period. Revenue from serviced apartments is stated net of rebates and other allowances. These services are sold either separately or bundled together with the sale of food and beverages to a customer. Under IFRS 15, the Group concluded that room revenue from serviced apartments will continue to be recognised over time, commensurate with the previous accounting policy, because the customer simultaneously receives and consumes the benefits provided by the Group. Revenue from the sale of the food and beverages will continue to be recognised at a point in time, upon delivery of the food and beverages.

iii) Rendering of services

Revenue from rendering of services is recognised when the outcome of the transaction can be estimated reliably, by reference to the stage of completion of the transaction at the reporting date.

Under IFRS 15, the Group concluded that revenue for rendering of services will continue to be recognised over time using relevant input methods.

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

As at 30 June 2018 (Reviewed)

2 SIGNIFICANT ACCOUNTING POLICIES (continued)

IFRS 15 Revenue from Contracts with Customers (continued)

iv) Leisure and recreational income

The Group provides leisure and recreational game facilities. The Group concluded that the revenue from leisure and recreational game facilities will continue to be recognised over time, commensurate with the previous accounting policy, because the customer simultaneously receives and consumes the benefits provided by the Group

Amendments to IAS 40 - Transfers of Investment Property

The amendments clarify when an entity should transfer property, including property under construction or development into, or out of investment property. The amendments state that a change in use occurs when the property meets, or ceases to meet, the definition of investment property and there is evidence of the change in use. A mere change in management's intentions for the use of a property does not provide evidence of a change in use. These amendments do not have any impact on the Group's consolidated financial statements.

Several other new standards and interpretations and amendments to standards and interpretations applied for the first time in 2018. However, they did not impact the interim condensed consolidated financial statements of the Group.

Standards and interpretations issued but not yet effective

Standards issued but not yet effective up to the date of issuance of the interim condensed consolidated financial statements are listed below. This listing is of standards and interpretations issued, which the Group reasonably expects to be applicable at a future date. The Group intends to adopt these standards when they become effective.

IFRS 16 Leases

IFRS 16 was issued in January 2016 and it replaces IAS 17 Leases, IFRIC 4 Determining Whether an Arrangement Contains a Lease, SIC-15 Operating Leases-Incentives and SIC-27 Evaluating the Substance of Transactions Involving the Legal Form of a Lease. IFRS 16 sets out the principles for the recognition, measurement, presentation and disclosure of leases and requires lessees to account for all leases under a single statement of financial position model similar to the accounting for finance leases under IAS 17. The standard includes two recognition exemptions for lessees – leases of 'low-value' assets (e.g., personal computers) and short-term leases (i.e., leases with a lease term of 12 months or less). At the commencement date of a lease, a lessee will recognise a liability to make lease payments (i.e., the lease liability) and an asset representing the right to use the underlying asset during the lease term (i.e., the right-of-use asset). Lessees will be required to separately recognise the interest expense on the lease liability and the depreciation expense on the right-of-use asset.

Lessees will be also required to remeasure the lease liability upon the occurrence of certain events (e.g., a change in the lease term, a change in future lease payments resulting from a change in an index or rate used to determine those payments). The lessee will generally recognise the amount of the remeasurement of the lease liability as an adjustment to the right-of-use asset.

Lessor accounting under IFRS 16 is substantially unchanged from today's accounting under IAS 17. Lessors will continue to classify all leases using the same classification principle as in IAS 17 and distinguish between two types of leases: operating and finance leases.

IFRS 16 also requires lessees and lessors to make more extensive disclosures than under IAS 17.

IFRS 16 is effective for annual periods beginning on or after 1 January 2019. Early application is permitted, but not before an entity applies IFRS 15. A lessee can choose to apply the standard using either a full retrospective or a modified retrospective approach. The Group is currently assessing the impact of IFRS 16 and plans to adopt the new standard on the required effective date.

2 SIGNIFICANT ACCOUNTING POLICIES (continued)

Standards and interpretations issued but not yet effective (continued)

IFRS 16 Leases (continued)

Other amendments resulting from new standards and interpretations issued but not yet effective will not have any impact on the accounting policies, consolidated financial position or consolidated financial performance of the Group.

9 SEGMENT INFORMATION

For management purposes, the Group is organised into four main business segments:

Malls and properties	-	Management of real estate including malls
Serviced apartments	-	Management of apartments
Leisure and entertainmen	-	Operating leisure and recreational games facilities
Other	-	All activities other than property management and leisure activities

The operations of malls and properties include the management of Seef Mall, Isa Town Mall, Muharraq Seef Mall and other properties in Hamad Town, Isa Town, Saar and Um-Al Hassam.

Serviced apartments represent Fraser Suites Seef - Bahrain, which generates income from the leasing of furnished serviced apartments and restaurants.

The Group owns and operates leisure and recreational games facilities in different commercial malls in the Kingdom of Bahrain under its brand name, Magic Island.

The Group also earns income from the promotional space and car park areas in addition to other miscellaneous income.

Management monitors the operating results of its business units separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on operating profit or loss which in certain respects, as explained in the table below, is measured differently from operating profit or loss in the interim condensed consolidated financial statements. The Group's finance revenue generating activities are managed on a group basis and is not allocated to the individual operating segments.

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL
STATEMENTS

As at 30 June 2018 (Reviewed)

9 SEGMENT INFORMATION (continued)

Transfer prices between operating segments are under normal commercial terms similar to transactions with third parties.

Segment assets include all operating assets used by a segment and consist primarily of investment properties, furniture, equipment and vehicles and trade and other receivables.

Segment liabilities include all operating liabilities and consist primarily of employees' end of service benefits, unclaimed dividends and trade and other payables.

11 FAIR VALUE MEASUREMENT

Financial instruments comprise of financial assets and financial liabilities.

Financial assets consist of trade and other receivables and bank balances. Financial liabilities consist of trade and other payables, unclaimed dividends payable and term loan which are carried at amortised cost. There were no liabilities measured at fair value as of 30 June 2018 and 31 December 2017.

The carrying amounts of the Group's financial instruments such as cash and bank balances, trade and other receivables, trade and other payables, are a reasonable approximation of their fair values. Thus, a fair value disclosure is not required for such financial instruments.

NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

As at 30 June 2018 (Reviewed)

11 FAIR VALUE MEASUREMENT (continued)

Fair value hierarchy

All assets and liabilities for which fair value is measured or disclosed in the interim condensed consolidated financial statements are categorised within the fair value hierarchy, described as follows, based on the lowest level input that is significant to the fair value measurement as a whole:

- Level 1 — Quoted (unadjusted) market prices in active markets for identical assets or liabilities;
- Level 2 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is directly or indirectly observable; and
- Level 3 — Valuation techniques for which the lowest level input that is significant to the fair value measurement is unobservable.

For assets and liabilities that are recognised in the interim condensed consolidated financial statements on a recurring basis, the Group determines whether transfers have occurred between levels in the hierarchy by re-assessing categorisation (based on the lowest level input that is significant to the fair value measurement as a whole) at the end of each reporting period.

The following table provides the fair value measurement hierarchy of the Group's non financial assets measured at fair value as at the reporting date:

		<i>Fair value measurement using</i>

The fair values of the investment properties have been determined by the Group based on valuations performed by independent surveyors as at 31 December 2017. The surveyors are industry specialists in valuing these types of properties and have recent experience in the location and category of the properties being valued. The valuation undertaken were based on income yield capitalisation method. The management believes that there are no changes in market conditions during the period which would significantly change the fair values determined as at 31 December 2017.

During the reporting periods ended 30 June 2018 and 30 June 2017 and year ended 31 December 2017, there were no transfers within the levels of fair value hierarchy.
