

Seef Properties and Huawei Bahrain ink deal for enterprise-ICT upgrade

Manama, Bahrain – 26 December, 2016: Seef Properties, the leading real estate development company in the Kingdom of Bahrain and Huawei Bahrain, the leading global ICT solutions provider and, have inked a deal which will see the implementation of ICT infrastructure upgrade at Seef Properties offices by early next year.

Seef Properties, the leading real estate development company in the Kingdom of Bahrain, was launched in 1999 as a publicly listed company, which manages vast portfolio of assets across the Kingdom. The company's agreement with Huawei Bahrain will serve to support the company's expanding operations and strong presence across multiple sectors in Bahrain.

Commenting on the deal, Seef Properties Chief Executive Officer, Mr. Ahmed Yusuf said, "This agreement comes in line with our ongoing efforts to elevate our services in order to better provide unparalleled offerings and services to our customers and tenants. Providing the latest ICT solutions and keeping abreast with the latest technology trends also contributes to our growth strategy and further positioning Seef Properties as the leading development company in the Kingdom."

Huawei Bahrain Country Manager Feng Nan Paul said, "The networks and services of today demand greater capacity, bandwidth and enhanced processing capabilities in order to meet customers' growing demands. Network devices that use single frames are lagging behind, and it gives us great pleasure to support Seef Properties' in taking this step forward and laying a solid ICT foundation for its forward-thinking vision."

By leveraging its years of technical expertise and unmatched R&D capabilities Huawei Bahrain's network solutions underway will facilitate an on-demand, easy-to-manage, and secure network designed to help Seef Properties adapt to fast data growth and the markets' dynamic ICT needs.
